Apprenticeship Inquiry Form

This form is for letting CCBC know you have an interest in a possible apprenticeship. It is not an agreement. Therefore, students are under no obligation to CCBC because they submitted this Inquiry Form. But this form is a required step in the process. We desire to find students who will most likely be a good fit for our practice. By taking the time to answer these questions, it usually saves lots of time in the long run because it helps us find the students who might fit our practice best. If we do decide that you might be a good fit for our practice, we will contact you and offer you a possible apprenticeship agreement, but you will be under no obligation until you agree to our offer.

Completed inquiries may be FAXED to 361.336.0212
